SUBJECT: Modify Purpose of the Automated Container Fund 10509 to Accommodate Replacement Automated Refuse Container Program

COUNCIL DISTRICT(S):

CONTACT/PHONE NUMBER: Charles Woolever, Deputy Environmental Services Director,

REQUESTED ACTION:

1. Adopt an ordinance to modify the purpose of the automated Refuse Container Fund 10509 to include (1) receipt of replacement automated refuse container fees, including any corresponding delivery fees; (2) receipt of interest earned on said fee revenues; and (3) expenditure or transfer of funds as necessary to cover expenses of administering the replacement automated refuse container program such as expenses for purchase, delivery, handling, repair, and/or replacement of automated refuse containers together with associated labor, materials, and equipment.

STAFF RECOMMENDATION: Adopt the Ordinance.

EXECUTIVE SUMMARY:

Ordinance 17763 adopted on May 5, 1992 established Automated Container Fund 10509 for the purpose of funding an automated refuse collection program in the City of San Diego. The fund has been used to purchase automated refuse containers utilized in the collection of refuse by City forces.

On November 20, 2007, the City Council adopted Resolution No. R-303202, which revised the automated refuse container policy to return responsibility to City resident and small business customers to furnish replacement automated refuse containers at their own expense and established a cost recovery fee for replacement automated refuse containers to be charged to those customers who chose to acquire their replacement container from the City. The action authorized the Auditor and Comptroller to deposit the Automated Refuse Container Replacement fees, including corresponding delivery fees, into Fund 10509, the Automated Container Fund, for the purpose of administering the Automated Refuse Container Replacement program. The action also authorized the Auditor and Comptroller to transfer funds from Fund 10509 to the appropriate accounts to offset costs incurred in the General Fund to purchase, deliver, repair and/or replace automated refuse containers and to administer the Automated Refuse Container Replacement program.

The purpose of the existing Automated Container Fund should be modified to include the receipt of fees for replacement automated refuse containers, receipt of interest earned on that fee

revenue, and expenditure or transfer of funds as necessary for purposes of the replacement automated refuse container program, retroactive to January 1, 2008.

FISCAL CONSIDERATIONS:

The Automated Refuse Container Fee is anticipated to generate approximately \$500,000 in Fiscal Year 2008 with an effective date of January 1, 2008, and approximately \$1M per fiscal year thereafter, depending upon the failure rate of containers and the number of customers who choose to acquire a replacement container from the City. This action is revenue neutral as the funds reimburse the purchase of additional automated containers and reimburse costs to administer the program.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

Ordinance 17763 adopted May 5, 1992 established the Automated Container Fund. R-303202 authorized the Auditor and Comptroller to deposit the Automated Refuse Container Replacement fees, including corresponding delivery fees, into Fund 10509, the Automated Container Fund, for the purpose of administering the Automated Container Replacement program. The action also authorized the Comptroller to transfer funds from Fund 10509 to the General Fund to purchase, deliver, repair and/or replace automated refuse containers to administer the Automated Container Replacement Program.

ORDINANCE NUMBER O-_____ (NEW SERIES)

DATE OF FINAL PASSAGE _____

AN ORDINANCE OF THE CITY OF SAN DIEGO MODIFYING
THE PURPOSE OF THE AUTOMATED CONTAINER FUND
IN LIGHT OF THE NEW AUTOMATED REFUSE CONTAINER
REPLACEMENT FEE.

WHEREAS, on November 20, 2007, the City Council adopted Resolution No. R-303202, which established a cost recovery fee for replacement automated refuse containers to be charged to City customers who choose to acquire their replacement automated refuse container from the City; and

WHEREAS, in light of the new replacement container fee, the purpose of the existing Automated Container Fund, Fund No. 10509, should be modified to include the receipt of fees for replacement automated refuse containers, receipt of interest earned on that fee revenue, and expenditure or transfer of funds as necessary for purposes of the replacement automated refuse container program, retroactive to January 1, 2008; NOW THEREFORE,

BE IT ORDAINED, by the Council of the City of San Diego, as follows:

Section 1. That retroactive to January 1, 2008, the purpose of the Automated Container Fund is hereby modified to include (1) receipt of replacement automated refuse container fees, including any corresponding delivery fees; (2) receipt of interest earned on said fee revenues; and (3) expenditure or transfer of funds as necessary to cover expenses of administering the replacement automated refuse container program such as expenses for purchase, delivery, handling, repair, and/or replacement of automated refuse containers together with associated labor, materials, and equipment.

Section 2. That this activity is not a project and therefore is not subject to the California Environmental Quality Act pursuant to CEQA Guidelines section 15060(c)(3).

Section 3. That a full reading of this ordinance is dispensed with prior to passage, since a written copy was made available to the City Council and the public prior to the day of its passage.

Section 4. That this ordinance shall take effect and be in force on the thirtieth day from and after its final passage.
